Sex on the Beach

You have a cold sipper in your hand, your toes in the sand, and you're surrounded by women with oiled-up near-nude bodies and salty, sun-streaked hair. Sounds like a fantasy, right? But no: You're simply at the beach. Wherever it might be, the beach is a sexually charged adult playground. Nowhere else can you study the contours of the female form in such proximity. The experience is heightened exponentially when you find yourself at some exotic locale teeming with gorgeous creatures, and we're not talking about the sea life—an island in the Mediterranean, perhaps, or the sun-splashed wilds of Malibu. Since you can't always be at some far-flung beach, we have taken it upon ourselves to bring the beach to you, in this one-of-a-kind Playboy Special Collector's Edition. Just don't forget your SPF—it's going to get very hot. Ready? Let's dive in.
